

ARCHITECT

We are seeking a talented and passionate architect to join our team in the Architecture & Planning industry. As an architect, you will have the opportunity to work on exciting projects and collaborate with a team of highly skilled professionals. With our company's commitment to innovation and sustainable design, this is a fantastic opportunity for an architect looking to make a difference in the world through their work.

Responsibilities

- Collaborate with clients to determine their design preferences and requirements.
- Create detailed architectural plans, including floor plans, elevations, and 3D models.
- Develop and present design proposals to clients and obtain their approval.
- Research and select appropriate building materials and systems that align with the project's objectives.
- Coordinate with contractors, engineers, and other professionals to ensure that the project is executed smoothly.
- Conduct on-site visits to monitor the progress of construction and resolve any issues that may arise.
- Stay up-to-date with the latest trends and advancements in architecture to provide innovative design solutions.

Requirements

- Bachelor's degree in Architecture or a related field.
- Strong proficiency in architectural design software such as AutoCAD and Revit.
- Solid understanding of building codes, regulations, and construction practices.
- Excellent problem-solving skills and attention to detail.
- Strong communication and interpersonal skills to effectively collaborate with clients and team members.
- Ability to manage multiple projects simultaneously and meet deadlines.
- Familiarity with sustainable design principles and LEED certification is a plus.
